Champion's Executive Office Suites Expand in Garden City

Champion Office Suites, a Nassau County Bar Association Corporate Partner and one of the region's preeminent providers of executive office suites, virtual offices and telephone reception services, has expanded its presence in Garden City. Champion now has additional space at 1325 Franklin Avenue to complement the space that it already has in sister building, 1225 Franklin Avenue.

Roger Kahn, president of Champion, describes this as an opportunity to provide services to a greater number of professional practices and businesses. "These services will include additional class-A executive office suites, support services, larger conference rooms, and additional videoconference facilities," he said. "This will allow Champion to not only expand its reach, but also will

enable existing clients to take advantage of the expanded facilities."

Executive suites and virtual offices allow firms and businesses to have all of the amenities and support of large, professional office space without the long-term leases, investment in equipment, substantial security deposits, and the bother of dealing with managing the space and interacting with the landlord. Executive suites and virtual offices also offer a cost-effective way to create a presence in a new area and/or near an important client or target market.

As an NCBA Corporate Sponsor, NCBA members receive a 50% discount on the installation fee. To take advantage of this member benefit and for more information contact Roger Kahn at (516) 873-8880 or visit the website www.virtualofficeny.com/nassau-county-bar-association.
